

BTA Names 2022-23 Scholarship Winners

Each year, the Business Technology Association (BTA) awards a number of scholarships to the eligible children of full-time employees of current BTA member dealerships. Since the 1984-85 school year, BTA has awarded 1,537 scholarships to deserving students, totaling \$1.7485 million.

The BTA Scholarship Foundation was started in 1968 when the Dorothy R. Ames Scholarship Fund was announced in honor of Ames at her retirement dinner in Great Neck, Long Island, New York, for her many contributions to the industry.

BTA scholarships are awarded based on a thorough review of completed applications, transcripts and essays by an independent, impartial evaluator. For the 2022-23 school year, BTA awarded a total of \$27,000 in scholarships to 21 students. The association would like to congratulate this year's recipients and their sponsoring BTA member dealerships:
