

2024-25 Scholarship Winners Announced

The Business Technology Association (BTA) Scholarship Foundation was established in 1968 as the Dorothy R. Ames Scholarship Fund, which was announced in honor of Ames at her retirement dinner.

Today, through what is now the foundation, BTA awards a number of scholarships to the eligible full-time employees and children of full-time employees of current BTA member dealerships. Since the 1984-85 school year, BTA has awarded 1,587 scholarships to deserving students, totaling \$1.81 million.

BTA scholarships are awarded based on a review of completed applications, transcripts and essays by an independent, impartial evaluator. For the 2024-25 school year, BTA awarded a total of \$32,000 in scholarships to 26 students. The association would like to congratulate this year's recipients and their sponsoring BTA member dealerships:
